## ABOUT ME

I am a Software Developer with experience in Full-Stack Web Development, Mobile Application Development, and Data Analysis using Python. Skilled in building efficient, user-friendly applications, analyzing data, and delivering reliable software solutions. Passionate about continuous learning and improving technical skills.

## EXPERIENCE

### Software development, Internaship, Mogadishu

Sep 2025 — Mar 2026

Completed a software development internship where I gained hands-on experience in designing, developing, testing and maintaining software applications. I collaborated with development teams to build user-friendly solutions, troubleshoot technical issues and improve application performance while applying modern programming practices and software development methodologies. This experience strengthened my technical, problem-solving and teamwork skills in a professional development environment.

## EDUCATION

### High School Degree, SYL primery and secondry school

Jul 2015 — May 2021

### Bachelor degree, computer application, Jamhuriya University of Science and Technology

Aug 2021 — Jul 2025

## WORKSHOP & TRAINING

- Workshop indapaX somalia 2023 and 2024
- Workshop Program challenge 2023 at IEEE Xplore
- Seminar public speaking at 2019
